

# Winner Mindset UPDATES

The Official Newsletter

Hi from Winner Mindset, we hope you're having a great summer! We're excited to share the continued impact our program is having with our students.

## Hear from our participants!

I am Courtney, born and raised in Milwaukee, Wisconsin. I am a freshman at Wilberforce University, majoring in psychology. I want to get my masters and PhD in Christian Counseling. I'm currently in the 2021-2022 Mister freshman, also a student conductor for Winners Mindset. Joining Winners was the best decision I made since being in school. Ms. Arnetta put together a wonderful organization that touches on mental health, financial literacy, and much more. I've learned so much about myself throughout the sessions that we have. The guest speakers give great tools to use for so many things in life. Being a part of Winner Mindset has taught me how to deal with trauma, drama, and stress. I can't wait to see the growth and lives we touch down the line.

## Want to get more involved?

Winner Mindset is looking for volunteer mentors and new board members to join our organization. If you would like to learn more about either opportunity, reach out to Arnetta at [winnermindsetorg@gmail.com](mailto:winnermindsetorg@gmail.com).

We are also looking to bring our Trauma Recovery programs to more Historically Black Colleges and Universities in our region. If you are interested in learning more, please send an email to [winnermindsetorg@gmail.com](mailto:winnermindsetorg@gmail.com).

Winner Mindset is a 501(c)3 charitable organization. Your donation helps us to reach more students with critical mental health and trauma recovery services. Thank you for partnering with us on this journey!
